WHO AM I?

Experienced software engineer proficient in various technical domains including software development for web and the automotive industry, Linux systems configuration and hardening, and CI/CD operations. I thrive where there are others to learn from; however I'm proactive and a leader when and where required. I also love bouldering and psychedelic cumbias. *"Lift as you climb"*.

EXPERIENCE

- 10.2023 - NOW **Software Developer** **Luxoft México (DXC)**
Involved in the complete SDLC of an infotainment project in the automotive industry; Technical leader responsible for specific parts of the application including fallback scenarios, communication between ECUs, and power-mode management. I also implemented and maintained a CI/CD pipeline and related processes, critical for the project deliveries.
Linux / C,C++ / Bash / Jenkins / Docker / git
- 11.2020 - 10.2023 **Security Assurance Engineer** **Oracle México**
Maintenance of security-related packages for the Oracle Linux OS. Involved in the backporting and testing activities to certify software packages with the Federal Information Processing Standards 140-2 (FIPS). Technical leader responsible for the development and maintenance of the scap-security-guide package for Oracle Linux.
Linux / C / Bash / Python / Docker / Oval / Jinja / git / Jenkins
- 05.2019 - 11.2020 **HMI Developer Jr** **Bosch México**
Development of HMI interfaces for instrument panel clusters using CGI tools and C++ frameworks.
C++ / RTC suite / CGI tools
- 10.2017 - 03.2019 **Fullstack Web Developer & Server Administrator** **Qualified Storm Leads**
Developed web-based solutions and platforms for internal use of the company, as well as for managing clients and contact with them through email, SMS, and push-notifications. Build REST APIs to provide support for mobile applications. Managed company's both shared hosting servers and virtual private servers. Worked with distributed-database systems.
PHP / Laravel / JavaScript / SQL / LAMP stack
- 02.2016 - 09.2016 **Backend Web Developer** **Corb Consultoria Informática**
Development and maintenance of web platforms for different clients using various frameworks and technologies.
PHP / Laravel / JavaScript / Angular2 / Wordpress

EDUCATION

- 10.2018 - 03.2019 **Exchange semester** **Universität Hamburg**
Hamburg, Germany
International mobility program in Germany covering topics such as distributed systems and information security, human - computer interaction and the ethics of informatics, among others.
- 08.2014 - 07.2020 **B.S. in Computer Engineering** **Universidad de Guadalajara**
Guadalajara Jal., México
I developed a C++/Qt5 application that obtains point clouds using a bidimensional laser scanner and a servo-motor for their posterior analysis with clustering algorithms.

HARD SKILLS

Systems design, design patterns and principles, proficient in/with git, bash, python, C/C++, Linux.

SOFT SKILLS

Proactivity, leadership, fast learning, adaptability, team player, effective communication, knowledge sharing.
